A note from the Principal

Time is flying by! This week has gone by in the blink of an eye, filled with exciting events, and there are many more to look forward to. Before we get into the celebrations of this past week, I am privileged to share with the Rosebery community that I have been appointed as the permanent and ongoing Principal. I look forward to what the future holds and am dedicated to ensuring our school continues to thrive.

This morning, our school was a buzz with excitement as students gathered around a Christmas crash scene. While we can confirm that Santa is safe, several reindeers are still missing. The students are now hard at work, brainstorming ideas about where they could be and conducting a thorough search of the school grounds. Stay tuned for updates on their whereabouts! Huge thanks to the 3/4 Team for sparking lots of joy in our school this morning.

Continued page 2.

A note from the principal continued.

After this morning's excitement with the missing reindeers, the Years 3-6 students gathered to vote for our 2025 School Captains. Ten of our outstanding students delivered speeches that highlighted their vision for 2025, their commitment to upholding our school values, and, most importantly, their desire to work together and support others in our community. We were once again fortunate to have the Electoral Commission present to ensure a fair and transparent voting process. The announcement of our 2025 School Captains will take place at our Awards Assembly next Friday

Last night, I had the privilege of attending the Darwin Language School Awards evening last night, and I couldn't be prouder to see three of our students receive awards. Congratulations to Sienna, Kayley, and Rudra for your dedication and hard work, you've made both me and the school incredibly proud.

Earlier this week, we received several phone calls about two children engaging in risky behaviour by playing in drains. This is highly dangerous, as drains present serious hazards such as the risk of injury, drowning, or getting trapped. While teachers can address this topic in class, it is equally important for parents and caregivers to talk to their children about the dangers of playing in these areas. Thank you to the parents who reached out to the school—it's always reassuring to see our community looking out for one another.

Looking forward to catching up with everyone at all our upcoming events 😊

The Rosebery Primary School vision:

“Growing and learning together through curiosity, creativity and collaboration.”

MATH

ARRAY

Arrays are a visual way to represent multiplication and division, and can be used in a variety of ways to help students understand these concepts

LEARNING BY DOING

- Arrays can help students understand how multiplication facts are derived, before memorizing tables. For example, students can build the three-times tables by adding another column of three objects each time.

We use these three great programs at RPS. Have a go at home.

Mathletics

Darwin Christmas Pageant

Congratulations to the Rosebery Dance Troupe on a wonderful performance dancing the Darwin streets for the Christmas pageant.

PARRS Basketball

Go Team!

Well done to the students that attended the PARRS Basketball competition last week. You conducted yourselves with pride and humility, helping other schools who were not so adverse in basketball.

CONGRATULATIONS!

Well done to the students here that won their final and brought home banners for the effects. They are on display in reception.
